

SMART Serv[®] PRODUCT DIMENSIONS AND MEASUREMENTS

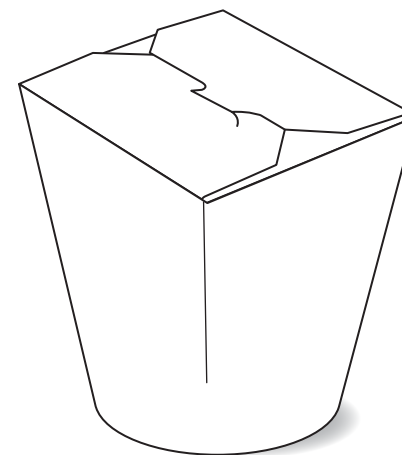

SmartServ
12oz.

SmartServ
16oz.

SmartServ
26oz.

SmartServ
32oz.

SmartServ containers are effective for hot, cold, wet or dry food products. The cup shape of SmartServ makes it easier to fill and comfortable to hold. SmartServ containers are easy to store and tightly nested so that they reduce shelf space. Best of all is that its one-piece design eliminates the common food container/lid issue. The leak resistant design has no open folds or glue points so that food contents stay neatly where you put them. Best of all customers can eat right out of them!

Delicatessens, Salad Bars, Caterers, Supermarkets, Bakeries, Convenience Stores and Oriental Concept Restaurants can all use SmartServ food containers.

Uses include potato and macaroni salads, salad bar to go, hot pastas, noodles to go.
